

COVER LETTER

Hello Sir/ Ma'am

My name is Aakash Singh and I am a 1st year student pursuing LL.B. at Campus Law Centre, Faculty of Law, University of Delhi. As an aspiring lawyer it is with great enthusiasm as I am writing to apply for an internship for the Organising Team of the Juris En Conference on International Law, 2020(JECIL 2020).

I am particularly drawn to this internship because of the project's focus on International Law with research and academics initiatives. I would be getting an opportunity of not only working with students from different backgrounds but also with researchers, professionals and academicians together involved in incentivising law in an Entrepreneurial method, which would be a great learning experience for me.

Though I am pursuing law, I also have a technical background as I am a B.Tech. graduate(FYUP) from Hans Raj College, University of Delhi. I had also organized the very first Hans Raj Sports Olympiad 2015-16(sports tournament) as the organizing team leader with other organizing members in the year 2016. Hence, I have a variety of knowledge, skills and experience with great determination and I hope I can use those to significantly contribute to your wonderful project.

I am attaching my CV for your kind perusal and will be grateful if I am given an opportunity to intern. Please let me know if you require anything else as a part of the internship application. Thank you for your time and consideration.

Thank and Regards

Aakash Singh
